Consider downloading our two free writing e-Books from our home page www.nellieedge.com.

You will find 60 full-color pages of proven strategies to expand your kid writing program. Some districts have recommended that principals also download these complimentary e-Books to see what joyful accelerated literacy looks like in kindergarten.

On the day of the seminar you will receive our new literacy manual, *Writing-to-Read Accelerates Literacy*. It contains practical details for literacy centers, assessments, blackline masters, parent letters, writing templates and research.

Cameras are always welcome; however, copyright restrictions prohibit the use of video cameras and tape recorders.

We anticipate sharing this practical look with you at how to reach rigorous standards through authentic, engaging strategies. **You'll be amazed at how much you learn.**

Warmly,
Tanya Wall
